

VILLAGE DANCE STUDIO PRESENTS **ARE WE THERE YET?**

RECITAL 2021

The following contains very important information and details for this year's recital. You will find the show order listed by order number, dance title, class, and time on the back of this paper. **The class number is VERY IMPORTANT and is used as a reference throughout all recital & rehearsal materials.** Additionally, new plans due to COVID and upcoming important dates are included. Your help and commitment to the rehearsals & recital is greatly appreciated. Please let us know if you have any questions.

IMPORTANT COVID UPDATES & CHANGES

2 shows each day: Due to COVID-19 and Zionsville Performing Arts Center (Star Bank) policies we are dividing our full recital into 2 shows each day. We took our original 46 dance show and broke it into roughly 23+ dances in each show. This will help us limit the numbers of dancers backstage along with allowing more people to attend in the audience. Besides young dancers in only one show day (Ballet I levels and below) dancers will still be able to perform each of their dances twice, once on Saturday and once on Sunday.

2 Audience Members per family: While we are hopeful this number may increase by May, we are currently only allowed 2 audience members per family. This is a policy due to audience capacity limits set by the Star Bank Performing Arts Center and Boone County Health Department. We will be livestreaming the shows for FREE for any family members, siblings, friends, etc. that want to watch your dancer perform live on stage. The 2 members who attend the recital in person will be sitting next to each other and will be spaced out 6ft or greater from the next group.

Masks: All audience members 2 or over will be required to wear masks at all times. Dancers will be required to wear masks at all rehearsals and when backstage. For the actual recital performance dancers will wear masks until the moment right before they go on stage and will put them back on as soon as they exit the stage. We will have a special "masks table" backstage where dancers will set their masks while they are on stage. The table will be cleaned between each group. We have found this method to work well to keep our dancers safe and allow them to use facial expressions while dancing on stage.

Recital Make-Up: To keep our dancers and volunteers safe, we are asking all dancers to arrive to the recital venue with make-up already on, instead of having make-up stations back stage like we have done previously. We will be providing make-up diagrams/examples, optional make-up kits, and more as we get closer to the recital to help make this an easy and fun preparation for the recital.

If there are any additional changes between now and our May recital we will communicate those updates as they become available to us. We appreciate everyone's flexibility and commitment to a wonderful recital show.

All Recital information, COVID updates, links to photo forms (when available), opportunities to buy DVDs/ Blu-Rays and recital teddy bears supporting the VDS Parents Council (when available), rehearsal schedules, and more can be found on our website at:
